

## **Los Arqueros Golf Club, San Pedro De Alcantara**

Set amongst the Ronda hills, Los Arqueros is just a short drive from San Pedro de Alcantara and has lovely scenic views all the way down to the Mediterranean.

This championship 18 hole, par 72, 6048m course was opened in 1991 and is more suitable for experienced golfers with its tight tees and need for a wide selection of clubs. Many of the fairways are bordered by steep ravines and the course is dotted with several streams, water hazards and strategically positioned trees, carefully positioned to demand careful calculation and accuracy rather than risk taking. The original layout offers impeccably kept fairways and spectacular scenery and an interesting feature is the S shaped bunker at the 9th hole created as a signature mark by the designer.

Notable holes include the 3rd with a lake to the left and a scattering of bunkers to the right. The 6th hole is considered to be the most difficult, requiring a decisive tee off to make the par. The 8th hole is a tricky long par 5, with a tight right dog leg which slopes sharply to the green with a hazardous out of bounds area leading to a stream at the entrance to the green. The 13th incorporates a high tee strike off to a downhill area guided by bunkers, which requires well thought out accuracy combined with hard hitting.

Facilities at the Los Arqueros Golf and Country Club are excellent. Players can enjoy the spacious driving range, putting green and netted indoor practice area.

Club and cart rental is provided and players can browse the well stocked pro shop for top quality golfing accessories to compliment their game.

After a round on this challenging course, players can enjoy the social atmosphere of the club restaurant and bar or have a little extra work out in the gym which includes sauna and swimming pool. There are tennis and squash courts and even a children's play area to ensure your visit will be entertaining for all family members.
